Please note: the reserve price is not the listing price, and the final sale price will be determined through the auction process.

Located just 25 minutes from both St. Albert and Stony Plain, this remarkable 53-acre property sits on a paved road and features an incredible 3,700 sq ft custom log home, built with care and attention to detail by the current owners between 2007 and 2015.

The home blends rustic charm with modern design, including soaring ceilings, massive exposed beams, and oversized windows that flood the interior with natural light and provide beautiful views of the surrounding landscape. The combination of modern finishes creates a warm, inviting atmosphere while offering the comforts of contemporary living.

The main floor is approximately 2,000 sq ft and features hardwood floors, an open-concept kitchen, dining, and living area

centered around a stunning double-sided wood fireplace, and space for both entertaining and day-to-day family life. A large mudroom, two spacious bedrooms and two full bathrooms complete this level.

Upstairs, the 1,700 sq ft upper level is fully carpeted for comfort and includes two more bedrooms, a dedicated office, an additional full bathroom, and a large family or flex room overlooking the main living area below.

A wrap-around covered porch encircles the home, offering multiple seating areas to enjoy sunrises, sunsets, or quiet moments in nature. The exterior is finished with a durable metal roof, ensuring low maintenance for years to come.

The home is serviced by a drilled water well with a reverse osmosis system and a septic pump-out system installed approximately 10 years ago.

A long private driveway winds through the property and leads to the house, with teardrop loops at both the front and back for easy vehicle access. At the rear of the home sits a 30x60 shop—fully insulated and drywalled, with concrete floors and a large overhead door—ideal for equipment storage, hobby farming, or a home-based business. A 24x38 outbuilding offers even more flexibility and could be used for horse stalls, additional storage, or workshop space.

Much of the property is fenced with 4-wire strand, making it suitable for livestock. A natural wetland area runs along the back portion, and the land features a mix of open pasture and treed areas, offering both function and privacy.

This exceptional property combines natural beauty, modern comfort, and rural practicality.

It will be sold by RESERVED AUCTION via the Team Auctions platform from July 22â€“24, 2025. Check it out at www.teamauctions.com
